**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose SONIC as a competitive provider because they were the most competitively priced. It was affordable for me to get fast internet. And very simple not like when we had Comcast. Competition is good for the marketplace, it keeps prices at a reasonable rate. And to give incentives for companies to provide good service to their customers. It makes them not take us for granted.

Broadband is critical to me because I work remotely and need fast Internet service to perform well at work. Slow down load times are not an option.
